ART DIRECTOR/DESIGNER

I am a freelance Art Director/ Designer with over 20 years experience in the advertising industry. Prior to branching out on my own in 2007, I was Art Director at AdVenture for 14 years. At AdVenture, I was responsible for the quality and standard of all aspects of the creative, design and production. This included all facets of our design and campaigns from inception to the completion of the finished product. Our clients included Australia Post, Warner Brothers/Wet 'n Wild, Marriott Hotels & Resorts, Paradise Homes, Mackay Tourism and many, many more.

Prior to this, I was Senior Art Director at SSB Advertising for more than 6 years. Whilst at SSB, I created many successful and award winning campaigns for such clients as RACQ (Membership and Insurance), Northern Permanent Building Society, Sun Newspapers, and the Cairns and Gold Coast International Hotels, just to name a few. I also worked for several years at Mojo/MDA and Norris Brown & Associates. I have vast experience in all facets of design/advertising, print media, television and radio production.

## HISTORY

1980 - 1986 Norris Brown & Associates - Studio Manager/Finished Artist

1986 - 1987 MDA/Mojo - Art Director

1987 - 1993 SSB Advertising - Senior Art Director

1993 - 2007 AdVenture Advertising & Design - Art Director

**OF COURSE  
MONEY DOESN'T GROW ON TREES.  
IT GROWS IN HOUSES.**

*Residential property is perhaps the most secure and consistently high yielding investment option available. Unlike high risk assets such as commercial properties, stocks and shares, its performance grows.* (1) *This is why Northern Building Society's active investment portfolio consists of residential property.*

*We don't take risks with your money.* (2) *When you put your savings into a Northern Account, you should feel comfortably knowing that we only lend money to people to buy homes.* (3)

*As a local Building Society it has always been our belief that, by lending money to local people, we help develop our community, as well as safeguarding our investors' savings.* (4) *To add to your peace of mind, all our loans are 100% mortgage backed, in practice you are the investor.* (5) *So if you want to see your money grow, open an Account with Northern Building Society. You'll help local people realise their dream of owning a home and help yourself to a nice solid investment.*

 **northern**  
Right here where it really counts.

**TO LOOK AFTER YOUR  
MONEY, WE KEEP IT IN  
SOMEONE'S HOME.**

When you put your savings into a financial institution, do you ever ask yourself, "I wonder where they'll invest my money?" If you don't, you should. ☺ You see, there are a number of places where money can be invested — some are safe and some are, well, not so safe. ☹ At Northern Building Society we only lend money for residential property and that's one of the safest investments

there there is. It guarantees growth, without the risks associated with commercial and industrial speculation. ☺ To provide you with even greater peace of mind, when we lend your money to someone to buy a home, that loan is 100% mortgage insured. This means you are protected, as an investor, from any loss. ☺ The other big plus of saving with Northern is that this residential lending is done right here, in your own community. Your money goes into the homes of local people, so you can see your money working. ☺ As a local building society it has always been our belief that, by lending money to local people, we are helping our area develop, as well as safeguarding the savings of our investors. ☺ So if you really want to put your savings to work where you can see it grow, open an account with Northern Building Society.

**northern**  
Right home, where it really counts.

We'll make sure it gets a good home.

**In Harmony with How it all began.**

WE SEE OUR FUTURE IN YOUR HANDS

*Kate, Clinical Nurse*

**The care, a challenge. My contribution, significant. The result, so rewarding.**

Nursing at Greenslopes, Australia's largest private hospital, provides the opportunity to work with 'the best in the business', cutting edge research and state of art facilities. And the progressive culture of the hospital delivers the daily challenges that make it all worthwhile. Benefits such as flexible hours and the on-site wellness centre all help in gaining a real lifestyle balance.
